THE COURAGE TO DO THE JOB

"A great deal of talent is lost in this world for want of a little courage. Every day sends to their grave obscure little men whom timidity prevented from making the first effort; who, if they could have been induced to begin, would in all probability have gone great lengths in the career of fame. The fact is, that to do anything in this world worth doing, we must not stand back shivering and thinking about the cold and the danger; but we must jump in (and do the best we can)."

----- Sydney Smith
